SECURE JUDICIAL COMMUNICATION SYSTEM

SECURE JUDICIAL COMMUNICATION SYSTEM

BACKGROUND & OBJECTIVE

- **The Challenge:** Traditional communication between the Lahore High Court and District Judiciary was slow, insecure, difficult to track, and lacked accountability.
- **The Solution:** The Secure Judicial Communication System was developed as a centralized, secure digital platform for exchanging all official judicial correspondence.
- **The Features:** The system ensures data confidentiality, integrity, and traceability through encryption, role-based access control, secure document sharing, and comprehensive audit trails.

IMPACT, OUTCOME AND BENEFITS

- **Transformed Operations:** The system completely modernized judicial communication by creating a secure, centralized, and fully traceable digital platform.
- **Real-Time Delivery:** Official correspondence is now transmitted instantly between the Lahore High Court and the District Judiciary.
- **Secure Document Sharing:** The platform ensures that sensitive files and judicial documents are shared safely.
- **Delivery Visibility:** Users have 100% visibility into when a piece of communication successfully reaches its destination.
- **Pending Insights:** The system highlights pending acknowledgments so delays can be addressed immediately.

PROJECT DURATION

- January 2026 to May 2026
