BIOMETRIC VERIFICATION OF CASE PARTIES WITH NADRA – ONLINE TRACKING ID GENERATION PORTAL

BIOMETRIC VERIFICATION OF CASE PARTIES WITH NADRA – ONLINE TRACKING ID GENERATION PORTAL

BACKGROUND & OBJECTIVE

- Currently, there is no system to verify the identity of a petitioner before filing a fresh case.
- The absence of verification may lead to impersonation, fraudulent filings, or authentication delays.
- Real-time biometric verification through NADRA's BioSys service is being introduced.
- Verification will be conducted by scanning the petitioner's thumb impression at the time of case filing.
- The objective is to ensure only verified individuals can initiate legal proceedings.

IMPACT, OUTCOME AND BENEFITS

- The absence of verification may lead to impersonation, fraudulent filings, or authentication delays.
- Real-time biometric verification through NADRA's BioSys service is being introduced.
- Verification will be conducted by scanning the petitioner's thumb impression at the time of case filing.
- Only biometrically verified individuals will be able to initiate legal proceedings.
- A secure and authenticated case filing process will be established across LHC.
- NADRA's BioSys integration will ensure consistent and accurate identity verification.
- Improved case legitimacy and integrity in the judicial filing process.
- Reduced risk of identity fraud and unauthorized filings.

PROJECT DURATION

- 01.01.2026 to 28.02.2026
